SAVE MONEY THINK SMART LONG LASTING SAFETY LOAD HYGIENIC

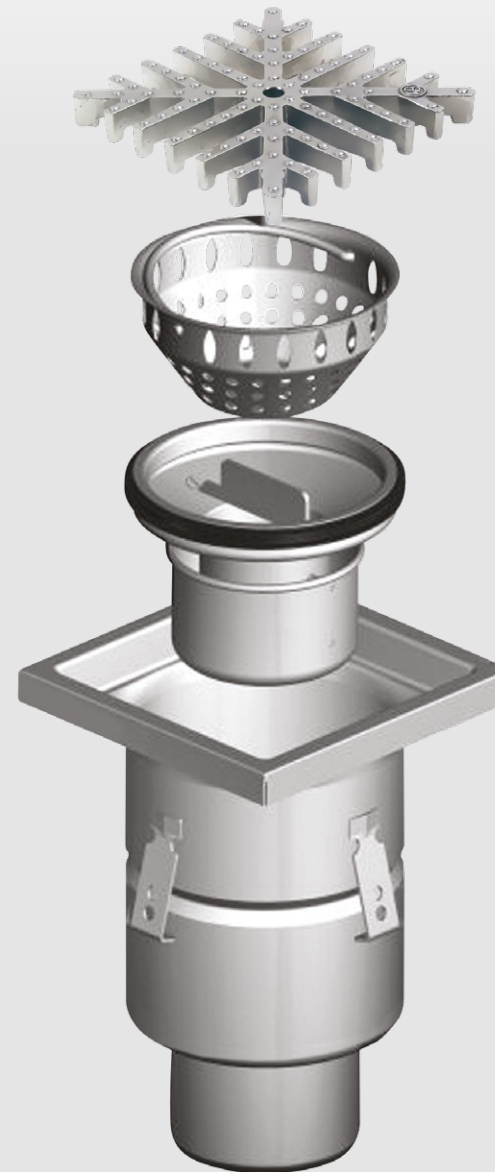

NO MORE RATS

Rats **cannot access** the Blucher® drain due to the removable water trap. Rats cannot lift our water trap or get through it as they cannot lift more than 1,2 kg

BLÜCHER®

A WATTS Brand

PRO GRATING

- Grating 200mm x 200mm
- Full cast grating
- Non-slip and easy to clean.
- Load capacity of 4000kg

FILTER BASKET

The basket prevents large debris from entering the drainage system. The handle on the basket allows you to remove the basket and empty the debris in a hygienic manner.

REMOVABLE WATER TRAP

Easy to take out and clean, preventing foul odours from coming up the drain. A dry drain is a hygienic drain.

DRAIN BODY

The drain body is a sturdy design. The 160mm diameter body allows for easy access for the cleaning and unblocking pipes.

760A - Square Drain Set
760B - Round Drain Set
670A - Channel Kit
